Engineering Class Sees Oil Refinery

Refraction of crude oil and the making of grease from soap and lubricating oil were watched by Engineering students while on a field trip to the Standard Oil refinery at El Segundo May 16.

Pumps that produce from 1,000 to 3,500 barrels per hour and storage tanks that hold from 100,000 to 3,-500,000 barrels were noted also. The lime process of making ordinary cup grease, in which soap is used, and the caustic soda process were demonstrated. Students went through laboratories where a sample of each type of oil and gasoline was taken every few minutes and tested. They also saw them canning greases and gaso-

The process of making cracked gasoline was explained. Because of the danger, they were not allowed to go near the plant.

Engineering students from Chaffey were taken through the plant with hose from Santa Ana. The 21 from Santa Ana were accompanied by H. O. Russel, of jaysee, and G. M. Woolley, from the high school.

Mrs. Tessmann Will Talk Wednesday On Experience In War

"My Experiences in the World War" will be the subject of a talk by Mrs. Tessmann in room 11 next Wednesday noon.

The meeting will begin at 12:15 the cooperation of the Y. W.

Mrs. Tessmann was in Germany at the outbreak of the World war, and was staying across the street from a recruiting station. She will relate her experiences at that time and tell how she got out of Germany.

When she told of these experiences in a history class last Tuesday, the class found them so interesting, the "Y" decided to ask her to describe them at a noon meeting for the whole school.

EDITORIAL COMMENT

ABOUT THIS PETITION

More than 80 members of the Asociated Students of this college have signed a petition requesting that the Executive board sponsor substitute activities for affairs not held this year or refund the money for everything that was coming to them in their student tickets.

Evidently the originators of the petition are working with malicious intent, or they are grossly misinformed of the facts. Students of this college did get their money's worth from their tickets, and more too. Attention is called to the reply of the Executive board to the petitioners. The El Don heartily concurs with the statement and givees a vote of confidence to the student officials. Any person who takes the trouble to look into the matter will find that members of the Associated students are fortunate in having officers who are protecting their interests. They deserve the support rather than the condemnation, of the first string, and there is also a game students.

It will be remembered, however, that it is the right of stuents to use the initiatinve and petition, and also the recall, if | so prevalent around here two weeks they are not satisfied with the administration. Read the answer ago. that the Executive board presents inthis paper, and see that it is playing fair with the students, and really has concrete facts to uphold its proceedure.

TUITION FOR JUNIOR COLLEGES

Do you wish to pay a tuition to attend Junior College next year? At the present time there is a bill before the house of legislature of California which if passed will force each person wishing to attend Junior College to pay a tuition fee of twentyfive dollars. To many people it will be a question not of wishing, but a question of whether or not they can afford to pay. So far Junior College has offered a place where students who desire an education and did not have the necessary finances could continue their study. If a tuition is charged at Junior College it is an evident fact that a great number of students will be forced to stop their education. During the last year there has been a large number of students withdraw from school. Certainly the charging of a tuition will not help this situation. One of the things California is noted for is the ease with which a young person can secure an education. The Junior College has been the main reason for this, and to pass a law charging students a tuition to attend will defeat the purpose for which the Junior College was established namely, to bring an education within the reach of all.

We, the students, with the cooperation of our parents can defeat this bill by advising our legislators to vote against such a measure.

LEST WE DON'T REMEMBER

Did you ever stop to think of just what the true significance of memorial day is? Perhaps you have, and then again probably not. Few of us do.

To most of us it is just a day to forget school and its worries, and get out and swim and dance and have a good time generally.

Not that we think you should sit around all day with a long face and thoughts both sad and noble. Far from it. Get out, home. have good time swimming, golfing, dancing, or what have you. Relax, forget school, term papers, grades, and all the other kindred thousand and one troubles.

But do set aside a few minutes first thing in the morning to think over the advantages, priviledges, and honor that is yours and ours because some men you never knew, or never heard of died with a bullet in his heart, or a bayonet in his stomach.

In other words we aren't at you to mope about but are just reminding you of what the day really is and signifies.

PEACE DECLARED?

Students rose from their desks and marched through the necessary shovels? the streets of Chicago a few weeks ago, demanding that their teachers be paid their salaries.

"Can it be that there is some kinship between student and faculty?" many were inclined to ask. For years songsters, jokesters, and even the students themselves have held the opinion that there was and always would be an eternal warfare between student and teacher. Students always thought that teachers were necessary evils to be resisted. Teachers were thought to be instruments of torture assigned to harrass the lives of the school children.

What fruits of companionship would ripen from a real student-faculty fraternalization! Maybe the striking students are ushering in a new era of student-faculty relationships; at least they are giving the teachers a new deal. For which both students and teachers may be thankful.

Wednesday is the primary election for next semester's student officers. All candidates seem to be very capable, public-spirited students. You Associated Student ticket holders should go to the polls and vote, not for your best friend or for the most popular student, but for the one that is best able to fill the office.

Information is published elsewhere in this paper concerning the student petition that has been circulated demanding a show-down on student concessions. Answers to statements of the petition are also published. Read them so that you, too, will realize that you are getting a lot more than your money's worth in your ticket.

We will start at the foot this time. Have you noticed that jaysee feminites are wearing on their pedal extremeties? One dainty redhead has gone in for tan sandals that just did not get around to having a covering for toes. Snappy black and white oxfords are being featured by a very prominent Spinster. Then there is a certain gal who gets first prize for heeless shoes. They are off-white and very new in

Fullerton Rally In Ninth Inning Ruins Ball Club

Santa Ana Team Holds Edge For Most Of Game

A ninth inning rally on the part of heir foes again proved disasterous to the title hopes of the Santa Ana baseball team. The Fullerton Yellowjackets repeated the upset by Riverside a week ago by virtue of a six run rally in their half of the ninth to hand the Dons their third defeat of the season, 12-8.

The Hornets started the ball rolling in the first by bunching four hits to tally five runs. The Dons collected two in the third and one in the fourth to trail the men of Art Nunn five to three at the start of the sixth. A this point five straight hits by Clark, Homan, Koral, Moyer and Thiery pushed four runs across the plate and by the ninth they had an 8-6 lead when the Hornets came up for their last chance. Here the Dons let up enough for the invaders to tally six runs and cinch the ball game.

Earl "Sphinx" Homan went the entire route for the locals and was hit for the total of fourteen safeties, giving 3 free trips and striking out four men. Doug Wheeler, a port-sider started for Fullerton and was relieved in the sixth in favor of Fowler who toiled successfully the remainder of the way. As usual Hedio "Fat" Higashi was the most successful Don batter, getting three safe bingles in five trips to the plate.

Burn's Homer Beats El Don Staff 10 To 8

More Teams Needed For Baseball Tourney

Wanted: More campus organizations to take part in a Santa Ana junior college indoor baseball league now being arranged by the El Don sports department.

The Junior Lions, men's service club; the junior college print shop and the El Don staff already have signed for the tournament. Seven more teams are needed, according to Sharkley Plumlee, manager.

Miss Mary Louise Wallace's print shop nine, behind the speedy pitching of Fred 'Porky' Bell, defeated the El Don club. 10-8, in a hotly-contested game on East Poly Field last week. Of the opinion that it had the superior team, the newspaper team immediately chalrlenged the print shop to a return engagement.

"The King is Dead!" No amount of prodding will produce any sign of life. "He is Dead!" Thus we must pronounce and perform the last rites over the once proud but now withered body of "King Football".

"There will be no spring football practice this year," says Coach Andrew Jackson Cook. "Lack of enthusiasm and cooperation on the part of eligible men forces me to cut everything except fundamentals," finished he Don mentor.

After Coach Cook had arranged a definite schedule of games including a Soph-frosh, alumni '34 team, and a tilt with the Long Beach Vikings, he was unable to get enough men out to form two complete teams.

Spring football is a real necessity for a successful football team. Here the players loosen up and get the feel of the Ole "Pigskin". The coach has a chance to teach his own system to the former prep men. The fellows represent many different schools and therefore many different systems. Much valuable time is gained in the spring practices by teaching these men the local system.

"This is not the first time that I have been forced to restrict spring practice to fundamentals, said Coach Cook. There are so many other jaysee sports that football has a tough time squeezing in for its share of at-

Be everything as it may, there are plenty of good men out there working out every nite, and prospects for next year are bright. With several lettermen returning and a good supply of possibilities coming on, Santa Ana will be right in the thick of the championship race next year.

Scoring 407 points, Mary Edmunds won the archery tournament held May 4, on the lawn in front of the high school building. Florence Turner placed second with 389 points, and Margaret Cox third with 378. Edna Kohler and Maxine Clark tied for fourth place with 370 points. Highest score at 40 yards was made by Edmunds with a total of 90 points. The 30 yard distance found Turner in the lead with 164, and Kohler scored 191 points to take high at 20 yards.

In reply to your request that the Associated Students carry out the plan of activities as set forth by the dents. The following is a list of the membership book, for which you have advanced your money, the executive tivities of the Associated Students boards of both semesters wish to call attention to the fact that this request has already been partially fulfilled and plans have been made to fulfill the entire program before the end of the year. Specifically three activities planned at the first of the year have not been carried out due to unavoidable circumstances not under the control of the Associated Students. The first of these was publication of El Don cut in half during the second semester. It was either necessary to cut the size of the paper in half or omit every other copy. The editorial staff and journalism department chose the latter course. Aaron and his Mayfair Club Orchestra presented their inaugural broadcast from the El Cortez Hotel, San Diego, over the Don Lee system to KHJ last Saturday evening.

> One complaint made through this column has already been cleared up. If you were listening last Wednesday evening to KHJ along about 10:30, you probably heard that excellent "Isle of Golden Dreams" broadcast over the C. B. S. from KOIN, Portland. If you missed the program listen next week, the stme artists as old are on the program we under-
